

Corteva™ Agriscience Awards for Excellence in Research and Education

Dr. David Bertioli
University of Georgia
2019 Research Award
Recipient

The Corteva™ Agriscience Awards for Excellence in Research and Education award recognizes two individuals or teams for career performance or for an outstanding current research or educational achievement of significant benefit to the peanut industry.

One award for Research and one

Dr. Peggy Ozias-Akins

University of Georgia
2018 Education Award
Recipient

award for Education will be given each year provided worthy nominees are nominated. The recipient of each award will receive an appropriately engraved plaque and a \$1,000 cash award.

In the event of team winners, one plaque will be presented to the team leader and other team members will receive framed certificates. The cash award will be divided equally among team members.
