

PEANUT SCIENCE

Volume 42

Issue 1

January-June 2015

THE JOURNAL OF THE AMERICAN PEANUT RESEARCH AND EDUCATION SOCIETY

TABLE OF CONTENTS

Visualizaton of Peanut Nodules and Seasonal Nodulation Pattern in Different Tillage Systems Using a Minirhizotron System D.L. Rowland, C. Smith, A. Cook, A. Mason, A. Schreffler and J. Bennett.....	1
Comparison of Three High-Oleic Peanut Cultivars under Varying Field Conditions in the Southwestern United States J.E. Woodward, T.A. Baughman, M.R. Baring and C.E. Simpson.....	11
Stem Rot (White Mold) and Tomato Spotted Wilt Resistance among Peanut Genotypes W.D. Branch and T.B. Brenneman.....	18
Uptake, Translocation and Dose Response of Postemergence Applied Diclosulam to Bristly Starbur (<i>Acanthospermum hispidum</i>) T.L. Grey and E.P. Prostko.....	23
Herbicide and Rye Cover Crop Residue Integration Affect Weed Control and Yield in Strip-Tillage Peanut J.S. Aulakh, M. Saini, A.J. Price, W.H. Faircloth, E. van Santen, G.R. Wehtje and J.A. Kelton.....	30
Peanut Cultivar Response to Preemergence Applications of Pyroxasulfone P.M. Eure, E.P. Prostko and R.M. Merchant.....	39
Peanut Response to Postemergence Application of Pyroxasulfone P.M. Eure, E.P. Prostko and R.M. Merchant.....	44
Assessment of the Sensitivity and Accuracy of Immunochromatographic Test Strips in the Qualitatitve Detection of Aflatoxin Contamination in Peanuts J.M. Luis and R.C. Kemerait, Jr.	49
Response to Oxalic Acid as a Resistance Assay for <i>Sclerotinia minor</i> in Peanut R.S. Bennett, M.E. Payton and K.D. Chamberlin.....	56
